

CONSTITUTION MODERNIZATION COMMISSION

Interim Public Records Policy

MISSION STATEMENT

Openness leads to a better informed citizenry, which leads to better government and better public policy. Consistent with the premise that government at all levels exists first and foremost to serve the interests of the people, it is the mission and intent of **the Ohio Constitution Modernization Commission** to at all times comply fully with and abide by both the spirit and the letter of Ohio's Public Records Act.

DEFINING PUBLIC RECORDS

All records kept by **the Ohio Constitution Modernization Commission** are public unless the **records** are exempt from disclosure under Ohio law. All public records will be organized and maintained in such a way that they can be made available for inspection and copying.

A record is defined to include the following: A document in any format – paper, electronic (including, but not limited to, business e-mail) – that is created, received by, or comes under the jurisdiction of **the Ohio Constitution Modernization Commission** that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the **Commission**.

RESPONSE TIMEFRAME

Public records **will** be available for inspection during regular business hours, with the exception of published holidays. Public records **will** be made available for inspection promptly. Copies of public records **will** be made available within a reasonable period of time. "Prompt" and "reasonable" take into account: the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review, and redaction of the records requested.

It is the **Commission's** goal of that all requests for public records should be acknowledged in writing or, if possible, satisfied within **14** business days following the **Commission's** receipt of the request.

HANDLING REQUESTS

No specific language is required to make a request for public records. The requester, however, must at least identify the records requested with sufficient clarity to allow the **Commission** to identify, retrieve, and review the records. If it is not clear what records are being sought, the **Commission will** contact the requester for clarification and, **if necessary**, assist the requester in revising the request by informing the requester of the manner in which the **Commission** keeps its public records.

The requester does not have to put a records request in writing and does not have to provide his or her identity or the intended use of the requested public record. It is this

Commission's general policy that this information is not to be requested. **The Commission may** ask for a written request, the requestor's identity, and/or the intended use of the information requested, but only (1) if a written request or disclosure of identity or intended use would benefit the requestor by enhancing the **Commission's** ability to identify, locate, or deliver the public records that have been requested; and (2) after telling the requestor that a written request is not required and that the requester may decline to reveal the requestor's identity or intended use. In processing the request, the **Commission** does not have an obligation to create new records or perform new analysis of existing information. An electronic record is deemed to exist so long as a computer is already programmed to produce the record through simple sorting, filtering, or querying. Although not required by law, the **Commission** may accommodate the requestor by generating new records when it makes sense and is practical under the circumstances.

In processing a request for inspection of a public record, a **Commission** employee must accompany the requester during inspection to make certain original records are not taken or altered. A copy of the most recent edition of the Ohio Sunshine Laws manual is available via the Attorney General's internet website (www.ohioattorneygeneral.gov) for the purpose of keeping employees of the **Commission** and the public educated as to the **Commission's** obligations under the Ohio Public Records Act, Open Meetings Act, records retention laws and Personal Information Systems Act.

ELECTRONIC RECORDS

Records in the form of e-mail, text messaging, and instant messaging, including those sent and received via a hand-held communications device (such as a Blackberry) are to be treated in the same fashion as records in other formats, such as paper or audiotape. Public record content transmitted to or from private accounts or personal devices is subject to disclosure. All employees or representatives of this **Commission** are required to retain their e-mail records and other electronic records in accordance with applicable records retention schedules.

DENIAL OR REDACTION OF RECORDS

If the requester makes an ambiguous or overly broad request or has difficulty in making a request for public records, the request may be denied, but the denial will provide the requester an opportunity to revise the request by informing the requester of the manner in which records are maintained and accessed by the **Commission**. Any denial of public records requested will include an explanation, including legal authority. If the initial request was made in writing, the **Commission will provide its** explanation in writing. If portions of a record are public and portions are exempt, the exempt portions may be redacted and the rest released. When making public records available for public inspection or copying, the **Commission will** notify the requestor of any redaction or make the redaction plainly visible. If there are redactions, each redaction will be accompanied by a supporting explanation, including legal authority.

COPYING AND MAILING COSTS

Those seeking public records may be charged only the actual cost of making copies, not labor. The charge for paper copies is 15¢ cents per page. The charge for electronic files downloaded to a compact disc is 15¢ per disc. A requester may be required to pay in advance for costs involved in providing the copy. The requester may choose whether to have the record duplicated upon paper, upon the same medium in which the public record is kept, or upon any other medium on which the **Commission** determines that the record can reasonably be duplicated as an integral part of the **Commission's** normal operations.

If a requester asks that documents be mailed, he or she may be charged the actual cost of the postage and mailing supplies. There is no charge for documents e-mailed.

MANAGING RECORDS

The Commission's records are subject to records retention schedules. The Commission's current schedules are available at a location **in Franklin County** readily available to the public as required by §149.43(B)(2), Ohio Revised Code.
